

**Niesha Davis-Wilson, CEO  
Remarkable Wealth Solutions**

Niesha is a free spirited, caring person with an infectious personality and an attitude that can add light to any room. She's a city girl born and raised in California, but she and her family moved to Houston, Texas in 2010. Although she wears multiple hats- she is first a wife, a mother and entrepreneur, but you can call her SuperWoman for short! Her passion and purpose in life is to help others in any way possible, which led her to pursue her bachelors degree in Psychology at the University of Houston.

Niesha later learned that there were over 60 million Americans living with less than perfect credit, so she became certified as a Credit Repair Consultant. She made it her mission to become an ongoing SOLUTION to an ongoing PROBLEM that many of us don't speak about today.

Niesha is now a small business owner of ReMarkable Wealth Solutions, where she is partnered with United Credit Education Services (UCES). She has been providing individuals with life-changing financial information and solutions geared towards financial freedom and credit excellence. She also believes that everyone is entitled to live their BEST life, so you owe it to yourself to get your credit RIGHT!
